Keyword Selection and Sign-Up Instructions

Keyword List Structure

1. The keyword list is structured to coincide with industry standard wording and topics and features the following categories:
 - Agriculture and Food Science
 - Area Studies (including International Affairs)
 - Arts and Humanities
 - Business, Management and Commerce
 - Education
 - Energy
 - Engineering
 - Health and Medicine
 - Law
 - Natural and Physical Sciences, Mathematics and Technology
 - Social Sciences
 - Transportation
 - Library
 - General
2. Within each category are section and description keywords. For example, the following shows the category of Social Sciences, with Anthropology as the section, and associated keywords that follow.

(Category) Social Sciences

(Section) Anthropology

(Keywords)

Anthropology	Archaeological Conservation
Archaeology	Cultural or Social Anthropology
Ethnic Studies	Ethnography
Ethnology	Physical Anthropology

Selecting Your Keywords

1. To see all categories, sections, and keywords please click *here*.
<http://www.sjsufoundation.org/html/sjsuf-faculty-resources/locating.htm>
2. Once you have identified the categories and sections you are interested in, you can then choose from the associated *description* keywords.
3. To use the search feature, type a word in the white search box in the menu bar and click “Next” or the arrow button to jump to each occurrence of that word.
4. Some words may appear in more than one keyword or category. For example, searching for the word, “***literacy***,” will take you to each of these occurrences of the word after you click on “Next”:
 “*Computer Education or **Literacy***” in the Education or Instruction Programs section
 “***Literacy***” in the Education or Instruction Programs section
 “*Health **Literacy***” in the Health or Medicine Instruction section
5. Choose the keyword(s) that most closely relate to your academic interest.

Submitting Your Chosen Keywords and Signing Up to Receive Funding Alerts

1. Copy and paste your keywords into an e-mail formatted as below.

E-mail your keyword selections to nancy.riley@sjsu.edu.

Frequently Asked Questions

Question: How many keywords may I choose from the keyword list?

Answer: You may choose as many keywords as you like, but we suggest starting off with about 20. You can always add more later.

Question: What if I do not see my keyword?

Answer: If you do not see your keyword, you can do one of three things:

- (1) Choose a keyword that most closely relates to that keyword topic.
- (2) E-mail nancy.riley@sjsu.edu with the keyword(s) you wish to add.
- (3) Request a customized search of funding opportunities. We partner with the AASCU Grants Resource Center in Washington, D.C. to provide customized searches based on specific faculty-provided academic area(s) of interest.

Please contact Nancy Riley (nancy.riley@sjsu.edu) for more information or help.
