SJSU Foundation Policy on Car Rental Collision Coverage Updated

Effective January 1, 2006, domestic hired automobile physical damage coverage became available through the CSURMA AGPIP Self-Insured Retention (SIR) Liability Fund. As a result, travelers no longer need to accept the additional liability or collision insurance from the car rental company. In the past, if an individual rented a car for SJSU Foundation business, the rental was covered for liability up to the full policy limits by the Foundation's liability policy. Collision coverage was not included in the Foundation's auto policy so the Foundation reimbursed the renter for purchase of the physical damage coverage. Now, travelers no longer need to accept the additional insurance.

For questions concerning this new coverage please contact Norma Rossiter at 924-1418 or via email at nrossite@foundation.sjsu.edu
